You can use this guide if you are registering a branch and your activity is non-financial.

### Let's Get Started!

Before you start the application, you should be aware of the documents that you are required to submit during the process. Having these documents ready in advance can lead to a smoother application process for you.

- Information about your business

Clicking on the My Clipboard button, provides the options to add a new clipboard item or to select an existing item. # Section 9: Beneficial Owners

Within the structure of companies, it is the ultimate individual who enjoys benefits of owning the company's shares. In other words, it is an individual who enjoys the benefits of ownership even though title to the ownership is in another name. For example, there is an intermediary company in which name shares are issued. Even though the shares are issued in that company's name, the true beneficial owner of the shares, for safety/convenience or privacy, is the individual. Also, any individual that either directly or indirectly has the power to vote or influence the decisions within the company through beneficial ownership of the shares, is the beneficial owner of that company.

The questions in this section will be determined by the data entered earlier in the shareholder section of the form.
